SUBJECT: **COST OF NMIOTC TRAINING (TUITION FEES) – CHANGE 9
(AMMENDMENT-1)**

DATE: 28 Feb 2017

REFERENCES: A. STANAG 6025 (EDITION 2) - FINANCIAL PRINCIPLES AND PROCEDURES FOR THE PROVISION OF SUPPORT AND THE ESTABLISHMENT OF THE MULTINATIONAL ARRANGEMENTS / 22 Jan 2013-AFinP-1 Edition A Version 1
B. NMIOTC MAT /FR. 15 Nov 2005
C. NMIOTC MAT/MOU CHANGE 2
D. NMIOTC Directive 60-1 / Change 8, (*AMMENDMENT-1*) dated 17 Nov 15.

This is change 9 of the NMIOTC Directive 60-1 and defines training fees for the F.Y. 2017-18. Change 9 entirely supersedes change 8 in effect from 1st January 2017.

1. **Applicability.** This directive is applicable to all organizations, agencies, commands and units participating in NMIOTC's training . It should be used as a guide for the calculation of the cost of NATO Maritime Interdiction Operational Training Centre (NMIOTC) training .

2. **Interim changes.** Interim changes are authorized when approved by the NMIOTC Commandant.

3. **Purpose.** To define fees for training provided by NATO Maritime Interdiction Operational Training Centre (NMIOTC), respective methods of payment, and procedures for F.Y. 2017-18.

4. **Overview.**

a. NMIOTC is funded and logistically supported by the Hellenic Republic IAW ref. C.

b. Based on the above concept, NMIOTC will prepare and provide access to costs of training via its official webpage annually, and no later than the end of October.

These updated tuition fees will apply until 31st December 2018. The tuition fees for the F.Y. 2017-18 are presented in Annex A.

c. Tuition Fees include local transportation during the training days from specific pick-up points to NMIOTC's premises and vice versa. Trainees or their sending authorities are responsible to cover travel and lodging expenses.

d. NMIOTC's Budget & Finance Department is responsible for following appropriate procedures and providing relevant clarifications to trainees or their sending authorities.

5. **Payment procedure.**

a. During the in-processing stage of a NMIOTC training program and prior to the related final allocation, a "Financial Agreement" (Annex B) must be signed either by the trainee himself or, in case the training is provided collectively to a ship/group, by the official authority of the group/ship/organization. The signed document has to be submitted to the OPR of the specific activity prior to the final allocation of the scheduled training.

b. Upon the completion of each training, an invoice will be signed (Annex C). This form will include the final total cost that has been charged according to the specific training provided by NMIOTC.

c. Copies of the aforementioned documents will be provided to the financial representative of each group/ship/organization who will be responsible to forward the documents to the appropriate authority (MoD, General Staff, agent etc.). The respective payment must be executed within 60 days from the receipt of the above documents. Afterwards, the related department responsible for the execution of the deposit must return to NMIOTC the appropriate bank deposit receipt or remittance to NMIOTC via NMIOTC's Financial Officer's e-mail.

6. **Cancellation of participation - Obligations.**

a. In the event that a future training activity is cancelled, the entity which scheduled the training remains financially obligated to NMIOTC for any irrecoverable costs related to the cancelled training (e.g Augmenter's SMEs expenses, advance lease transport etc.).

b. If the NMIOTC Student Admin Affairs Section (SAA) receives a cancellation of training allocation, will inform the requesting Authority by fax or e-mail about any related financial obligations, adducing relevant documents of irrecoverable expenses concerning the preparation of the cancelled training.

7. **Mobile Education & Training Team (METT).** NMIOTC can provide training via Mobile Education & Training Teams (METT) upon request. In this case, tuition fees will be modified accordingly (e.g. costs associated with NMIOTC personnel accommodation, travel, and/or meals) and the training requestor or their representative will be informed of these changes well-in advance of the training, by NMIOTC SAA Section on the exact costs.

8. A Team / Unit / Ship can create a tailored training package in accordance with its specific operational requirements, in close cooperation with NMIOTC staff. In this case,

modules from different courses may be selected and the final cost of the “package” will be calculated by adding the respective costs of each selected module, the cost of consumable (e.g. simunition rounds, fuel consumption, employment of training assets means of transportation, etc.), and any other associated costs.

Georgios Tsogkas
Commodore GRC (N)
NMIOTC Commandant

NOTE: Concerning METT's, the customer (host nation/organization) will cover all expenses of the team (accommodation, transportation, meals etc), unless otherwise agreed by parties involved.

Cancellation Policy

NMIOTC courses are in high demand, therefore a late cancellation of a confirmed course significantly impacts NMIOTC's ability to maximize training opportunities for the Alliance and results in a financial loss for NMIOTC. Upon receipt of written confirmation from NMIOTC that your course has been placed on the NMIOTC calendar our cancellation fees apply as follows:

Outside of 1 month from course start date	10% of student tuition due
Inside of 15 days from course start date	25% of student tuition due
Inside of 1 week from course start date	50% of student tuition due
