SUBJECT: **COST OF NMIOTC TRAINING (TUITION FEES) – CHANGE 10
(AMMENDMENT - 1)**

DATE: 20 Mar 2019

REFERENCES: A. STANAG 6025 (EDITION 2) - FINANCIAL PRINCIPLES AND PROCEDURES FOR THE PROVISION OF SUPPORT AND THE ESTABLISHMENT OF THE MULTINATIONAL ARRANGEMENTS / 22 Jan 2013-AFinP-1 Edition A Version 1
B. NMIOTC MAT /FR. 15 Nov 2005
C. NMIOTC MAT/MOU CHANGE 6
D. NMIOTC Directive 60-1 / Change 10, dated 29 Sep 18.

This is change 10 of the NMIOTC Directive 60-1 and defines training fees for the F.Y. 2019-20. Change 10 entirely supersedes change 9 (AMENDMENT-1) in effect from 1st January 2019.

1. **Applicability.** This directive is applicable to all organizations, agencies, commands and units participating in NMIOTC's training. It should be used as a guidance for the calculation of the cost of NATO Maritime Interdiction Operational Training Centre (NMIOTC) training.
2. **Interim changes.** Interim changes are authorized when approved by the NMIOTC Commandant.
3. **Purpose.** To define fees for training provided by NMIOTC, respective methods of payment, and procedures for F.Y. 2019-20.
4. **Overview.**
 - a. NMIOTC is funded and logistically supported by the Hellenic Republic IAW ref. C.
 - b. Based on the above concept, NMIOTC will prepare and provide access to costs of training via its official webpage annually, and no later than the end of October. These updated tuition fees will apply until 31st December 2020. The tuition fees for the F.Y. 2019-20 are presented in Annex A.

c. Tuition Fees include local transportation during the training days from specific pick-up points to NMIOTC's premises and vice versa. Trainees or their sending authorities are responsible to cover travel and lodging expenses.

d. NMIOTC's Budget & Finance Department is responsible for following appropriate procedures and providing relevant clarifications to trainees or their sending authorities.

5. **Payment procedure.**

a. During the in-processing stage of a NMIOTC training program and prior to the related final allocation, a "Financial Agreement" (Annex B) must be signed either by the trainee himself or, in case that the training is provided collectively to a ship/group, by the official authority of the group/ship/organization. The signed document has to be submitted to the OPR of the specific activity prior to the final allocation of the scheduled training.

b. Regarding resident courses, tuition fee payment will be made either to NMIOTC's Financial Officer during the first day, in cash, by credit card or by bank deposit to NMIOTC bank account with the following data:

IBAN Number: GR 38 0110 4940 0000 4945 4001 048

Swift BIC: ETHN GRAA

Bank Name: National Bank of Greece

Note: Bank deposit has to be finalized not later than 3 working days before the start date of the event. The relevant document has to be forwarded to Budget & Finance officer through an e-mail: kladosa@nmiotc.nato.int.

c. Regarding tailored trainings for groups of trainees, upon the completion of each training, an invoice will be signed (Annex C). This form will include the final total cost that has been charged according to the specific training provided by NMIOTC. Copies of the aforementioned documents will be provided to the financial representative of each group/ship/organization who will be responsible to forward the documents to the appropriate authority (MoD, General Staff, agent etc.). The respective payment must be executed within 60 days from the receipt of the above documents. Afterwards, the related department responsible for the execution of the deposit must return to NMIOTC the appropriate bank deposit receipt or remittance to NMIOTC via NMIOTC's Financial Officer's e-mail.

6. **Cancellation of participation - Obligations.**

a. NMIOTC courses are in high demand, therefore a late cancellation of a confirmed course significantly impacts NMIOTC's ability to maximize training opportunities for the Alliance and results in a financial loss for NMIOTC. Upon receipt of written confirmation from NMIOTC that your course has been placed on the NMIOTC calendar our cancellation fees apply as follows:

Cancelation between 30 to 15 days from course start date:	10% of student tuition due
Cancelation between 14 to 8 days from course start date:	25% of student tuition due
Cancelation inside of 1 week from course start date:	50% of student tuition due

b. Regarding tailored trainings, in the event of cancellation, the entity which scheduled the training remains financially obligated to NMIOTC for any irrecoverable costs related to the cancelled training (e.g Augmenter's SMEs expenses, advance lease transport etc.).

c. If the NMIOTC Student Admin Affairs Section (SAA) receives a cancellation of training allocation, will inform the requesting Authority by fax or e-mail about any related financial obligations, adducing relevant documents of irrecoverable expenses concerning the preparation of the cancelled training.

7. **Mobile Education & Training Team (METT).** NMIOTC can provide training via Mobile Education & Training Teams (METT) upon request. In this case, tuition fees will be modified accordingly (e.g. costs associated with NMIOTC personnel accommodation, travel, and/or meals) and the training requestor or their representative will be informed of these changes well-in advance of the training, by NMIOTC SAA Section on the exact costs.

8. A Team / Unit / Ship can create a tailored training package in accordance with its specific operational requirements, in close cooperation with NMIOTC staff. In this case, modules from different courses may be selected and the final cost of the "package" will be calculated by adding the respective costs of each selected module, the cost of consumable (e.g. simunition rounds, fuel consumption, employment of training assets means of transportation,etc.), and any other associated costs.
