

News Release: 27/2021

30 Sep 2020

5th Cyber Security Conference in the Maritime Domain

From 29th to 30th September 2021, the 5th Cyber Security Conference in the Maritime Domain was held at NMIOTC, attended by 98 participants from Allied and Partner Nations, International Organizations, the international academic community, representatives from the shipping and IT industry.

This year due to the current COVID-19 pandemic situation and in absolute coherence with standing World Health Organization (WHO) guidelines, further to the physical conference, a virtual conference has been delivered simultaneously.

The aim of the conference was to encourage participation and promotion of collaborative scientific, industrial, naval, maritime and academic inter-workings among individual researchers, practitioners, navy staffs, members of existing associations, academia, shipping companies, standardization bodies, including government departments, international organizations and agencies, public and private sector in general, regarding cyber security in maritime domain and cyber defense operations.
