

News Release:29/2021

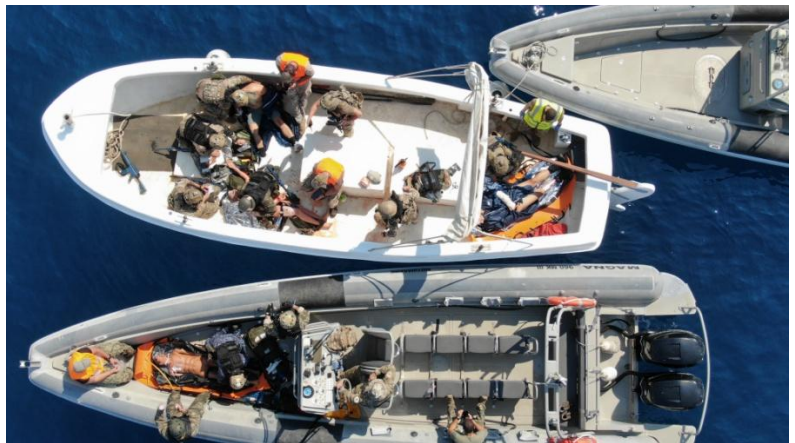

05 October 2021

Course 21000 “Medical Combat Care in Maritime Operations”

From the 06th to 17th of September 2021, the Resident Course “21000” Medical Combat Care in Maritime Operations was conducted at NMIOTC’s premises.

The goal of this course was to transfer knowledge and create/ enhance trainees’ skills so as to provide pre hospital emergency medical assistance from the point of injury in the mission/theatre until the final transfer to the closest Medical Treatment Facility is accomplished.

In total, 20 participants from 9 Countries (Germany, Greece, Japan, Italy, Latvia, Malta, Poland, Romania and USA) attended the course. Training was delivered from Subject Matter Experts (SMEs) certified as NAEMT (National Association of Emergency Medical Technicians) instructors and Augmenters specialized in stress management, telemedicine, prolonged field care and HAZMAT.
