

News Release: 08/2023

15 February 2023

Pilot Course 30000 “NATO Identity Intelligence Analyst in a Complex Environment Course”

From 13 to 17 of February 2023, NMIOTC conducted the Pilot Course 30000 “NATO Identity Intelligence Analyst in a Complex Environment Course”.

The aim of the course is to provide the introduction to analysis and use of Identity Intelligence, and to contribute at the formation of an I2 Analyst. The I2 Analyst course is also intended to provide a place to share lessons learned and develop analytical techniques.

The course was attended and successfully completed by eighteen (18) trainees coming from eleven (11) Nations (Canada, Denmark, Germany, Greece, Italy, Lithuania, Poland, Portugal, Romania, the United Kingdom and the United States of America).
