

News Release: 12/2024

19 March 2024

Course 14000 “Maritime IED Disposal (M-IEDD)”

From 11th to 15th March 2024, the Course 14000 “Maritime Improvised Explosive Devices Disposal (M-IEDD)” was conducted at the Centre’s premises.

This course aims to educate and train Explosive Ordnance Disposal (EOD) personnel to competently undertake M-IEDD operations onboard vessels and other maritime infrastructure, in support of C-IED and related operations. The training covered the subject concepts, philosophy, principles, equipment, ship insertion and Maritime focused IEDD methodologies, as well as best practices in the Maritime environment.

Fourteen (14) trainees from six (6) NATO countries (Canada, Germany, Greece, Italy, Latvia and Poland) attended the course.
